Unhappy Women!

No woman can be happy when her health is undermined. No woman can have good health while she suffers from female weakness, inflammation, ulceration or any disease of the delicate womanly organs. Nervous, sleepless, fretful, suffering in body and mind, she does not live but only exists.

More than a half a million such women have found a perfect and permanent cure for their diseased condition in the use of Doctor Pierce's Favorite Prescription. Women cured by this remedy say it is a "wonderful medicine," so perfectly does it restore them to health and comeliness.

There is no alcohol in "Favorite Prescription," neither does it contain opium, cocaine, nor any other harmful drug. It is in the strictest sense, an honest, temperance medicine. Its ingredients are purely vegetable, and it will agree with the most delicate constitution.

Don't be hypnotized, or over persuaded, into accepting a substitute. This medicine has a record that's worth far more than any difference in price.

Sick and ailing women are invited to consult Dr. Pierce, either personally or by letter, absolutely without charge or fee, thus avoiding the unpleasant questionings, offensive examinations and obnoxious local treatments considered necessary by many local practitioners. All correspondence treated as strictly private and sacredly confidential. Write without fear and without fee to Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

Dr Pierce's Pleasant Pellets

This great family Doctor Book FREE on receipt of 21 one-cent postage stamps to cover cost of mailing; or, in fine cloth binding 31 stamps. Address Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

LABOR LEADERS INDICTED.

The Cook county, Illinois, grand jury, which for a month has been investigating the causes and conditions of the present teamsters' strike, returned its report Saturday night, and with it forty-nine indictments against men connected in various ways with recent labor troubles in Chicago.

Four of the indictments are based on charges of conspiracy to injure the business of independent brick concerns. A number of officers of independent brick companies testified that $25,000 had been paid to John Gray for expenses in connection with calling strikes against their plants. Cornelius P. Shea, president of the International Brotherhood of Teamsters, was among the indicted, together with a number of lesser lights.

In addition to the indictments against the men true bills charging intent to commit bodily injury and assault with intent to kill were returned against thirty-two members of the Teamsters' Union and sympathizers with that organization who have at different times participated in the rioting incident to the teamsters' strike. In addition to returning the indictments the jury submitted a long and scathing report dealing with labor conditions in Chicago.

Following are exacts from the report: "That the city of Chicago for years past has been infested with moral lepers who have preyed upon its financial and social strength is known to most informed citizens. That reputable business men and reputable citizens employed in all fields of labor have been subject of blackmail and the greed of these vampires is also a well-known fact. The present grand jury has had laid before it facts and conditions so convincing and positive along these lines that it feels in duty bound to report to the court and the public the situation as it has been given them by witnesses, some of whom at least were brazen enough to flaunt not only flagrant acts of moral turpitude of others in the face of this body, but who, with an air of great glee, told of their own debaunched and criminal acts and methods. We beg to inform the court that we have positive evidence that an understanding existed between one John C. Driscoll, more recently known as 'the mediator' between capital and labor, and one Albert Young, the first president of the Coal Teamsters' Union, organized about 1902. That, as organizer and first secretary of the Coal Team Owners' Association, John C. Driscoll showed his peculiar talents. Whereas, prior to the organization of this association, he had been a clerk, working for $15 a week, he, in the year 1902, received as compensation for services rendered $4,837. One thousand dollars of this money is said to have been received by Driscoll for settling a strike at the plant of the Stromberg & Carlson Company, which had lasted for three months, within twenty-four hours from the time he was called as mediator."

The report then goes on to cite instances where it is declared Driscoll settled various strikes by the use of money, dividing with the officers of the unions.

The report then turns to Cornelius P. Shea, and says: "That money was paid to Cornelius P. Shea, or that money was tendered to him by representatives of the packing industries, to settle the stock yards strike has been demonstrated to this body; that Shea benefited by demands made for money on representatives of capital has been abundantly established by satisfactory evidence. That not alone Shea, but Hugh McGee, James Barry, Edward Mullen, John Gallagher, Jeremiah McCarthy, and Albert Young, and other and lesser satellites in the labor world have lived on the fat of the land, spending more money in dissipation than many an honest member of the labor union is able to earn for the support of his wife and family, has been established beyond question."

The report declares: "Slugging has been paid for by certain vicious interests at the head of certain labor organizations, and this has been attested to by reliable witnesses; that sluggers during Driscoll's regime were employed by him, when representing certain financial interests, to slug labor sluggers is a fact."

Found a Cure for Dyspepsia.

Mrs. S. Lindsay, of Fort William, Ontario, Canada, who was suffering quite a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's Stomach and Liver Tablets. She did so and says, "I find that they have done me a great deal of good. I have never had any suffering since I began using them." If troubled with dyspepsia or indigestion why not take these Tablets, get well and stay well? For sale by Gibson & Timberman and W. F. Creighton & Co.

Quality vs. Quantity.

Hard muscles and strong body do not depend on the quantity of food you eat, but on its perfect digestion and proper assimilation. When you take Kodol Dyspepsia Cure your system gets all the nourishment out of all the food you eat. It digests what you eat regardless of the condition of the stomach and conveys the nutrient properties to the blood and tissues. This builds up and strengthens the entire system. Kodol cures Indigestion, Dyspepsia, Belching, Sour Stomach, Weak Heart, etc. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick.

Negro Shoots Seven Persons.

A wholesale shooting occurred near Leslie, ten miles east of Americus, Ga., yesterday morning, resulting in the killing of three negroe women and the shooting of four other negroes. A negro named Hicks did all the shooting, killing his wife, his mother-in-law, and another woman. Hicks and his wife had been separated some time. Yesterday morning he went armed to the home of her parents, but learned that she was eight miles away on another plantation. Without explanation Hicks raised his shotgun and killed his mother-in-law in her tracks. He then compelled the dead woman's husband at the point of the gun to secure a team and carry him to where his wife was staying. Upon arrival there an hour later Hicks shot his wife dead and then shot the old man, her father, wounding him mortally. Hicks then shot promiscuously until four, other negroes had fallen, making a total of seven victims. Little hope is entertained for the recovery of the remaining four victims. Hicks has not yet been captured.

Refuse to Parade With Washington.

Because Booker T. Washington is to head an Independence Day parade on Tuesday next the members of the city fire department of Montclair, N. J., refused to take part in it. Only within a few days it became generally known that the negro college president would be the chief speaker on the high school campus, and the committee had received generous responses from all organizations invited to take part in the celebration. Arrangements had practically been made for the several fire companies to act as Washington's escort when, to the surprise of the committee, it was learned that a majority of the firemen filed excuses with their chief that they could not be in town on Tuesday. Some have refused absolutely to take part in the parade on account of Washington's presence. Several prominent residents told the firemen, that, as Washington has been entertained by President Roosevelt, he should be entitled to the utmost consideration by others, but this appeal does not suit the firemen.

Furious Fighting.

"For seven years," writes Geo. W. Hoffman, of Harper, Wash., "I had a bitter battle, with chronic stomach and liver trouble, but at last I won and by the use of Electric Bitters. In unhesitatingly recommend them to all, and don't intend in the future to be without them in the house. They are certainly a wonderful medicine, to have cured such a bad case as mine." Sold, under guarantee to do the same for you, by E. S. Leadbeater & Sons, druggist, at 50c. a bottle. Try them today.

AND VIRGINIA ADVERTISER

MONDAY EVENING, JULY 3, 1905.

WHEN Mr. J. F. Wallace, chief engineer of the Panama canal, told Secretary Taft that he had decided to accept the offer of a better salary, the Secretary aid in reply:

For mere lucre you change your position over night without thought of the embarrassing position in which you place your government when the engineering forces on the Isthmus are left without a real head and your department is not perfected in organization.

With no apologies for Mr. Wallace and with regrets that it is so, we call the attention of Secretary Taft to the fact that he is the acting premier of a "progressive" and a "commercial" administration whose aim seems to be "to get there" by any means whatever, regardless of honor or integrity (vide the Colombia-Panama deal) and with such ideas as are now being inculcated into the body politic by this administration, we ask, Is it strange that Mr. Wallace resigned a $25,000 job on the Isthmus, where yellow fever is rampant and life to many is a burden, to accept a $60,000 position in New York—a healthy climate, where all the comforts and luxuries of home are his? Indeed, we may ask, would not Mr. Taft have done the same thing?

NOTWITHSTANDING the views of the President, the federal grand jury at Chicago, which has been investigation the business methods of the beef trust, finds that "guilt is always personal." While indicting the Big Four packing companies it has also returned true bills against the beef barons themselves—the Armours, the Morrises, the Swifts, Cudahy, and a dozen lesser lights who have been actively engaged in violating the anti-trust law. It begins to look as if the contention that existing statutes are adequate to deal with the trust problem were at last about to be put to the test. In commenting upon the indictments the Philadelphia Record says:

The beef trust had been and is the most insolent and rapacious corborate lawbreakers in the land, and there will be general rejoicing from Maine to California if those who have wrung illegal profits from the purses of helpless consumers shall ultimately be brought to justice.

THE REFORMERS in Philadelphia Saturday night threw out a dragnet and landed in the station house several hundred men and women who are suspected of licentious conduct. The query of the man who won the elephant is pertinent in this case. There are orgean stables in every city and reformers, subject to periodical fevers, attempt at times to purify the atmosphere. Temporary purifications follow, but experience shows that the cure is not effectual, and it takes but a short time for the votaries to return to the disturbed nests. There is little possibility of eliminating certain vices common to all cities, especially the larger ones, and the most practical manner in which to deal with such is to prevent their growth as much as possible. Extermination is impossible in the present era of the world.

DURING the fiscal year which closed Friday there were organized 364 national banks with a capital stock of $24,425,980. These banks took out national bank circulation amounting to $46,484,712, and deposited bonds to secure the same aggregating $52,050,250. All told there are 5,750 national banks in operation throughout the country today and their capitalization tells the story of the remarkable growth of the national banking system. Their combined capital stock aggregates $801,330,315; bonds on deposit to secure circulation, $468,066,940; circulation outstanding, $462,669,415, and circulation outstanding for the redemption of which lawful money has been deposited, $33,050,392.

PRESIDENT SHEA and other labor leaders in Chicago have been indicted for alleged offenses in connection with the recent teamsters' strike in that city. A number of serious charges are urged against the accused, it being claimed that money has been received in certain cases by strike leaders and that slugging has been instigated by the same. It is amazing to most people that working men continue to follow the behests of individuals who usurp authority over them and bring about troubles for the purpose of enriching themselves. The outcome of the Chicago strike is similar to those that have recently occurred in New York and other places.

THE CHURCH which had the largest congregation yesterday was the one at which it was announced in Saturday's Gazette a ten minutes sermon would be preached. This is significant.

Holy War Proclaimed.

Lahore, India, July 3.—A new Mad Mullah, named Gud Mullah, has proclaimed a holy war against the English and has detailed forty subordinate Mullahs to go through the Mohammedan territory to urged the inhabitants to rise against the British and drive them out of the country.

The Holland cabinet which has held office since July 31, 1901, has resigned.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., July 3.

President Roosevelt has asked Elihu Root, former Secretary of War, to accompany him to Cleveland to attend the funeral of the late Secretary Hay. He has asked him to be present as the representative of the Department of State. Considerable significance is attached to this fact as it is taken to mean that the President has already invited Mr. Root to become Mr. Hay's successor, or intends to do so. The ostensible reason for asking Mr. Root to represent the State Department at the funeral is that otherwise that branch of the government would not be represented. Assistant Secretary Peirce is the only one of the three assistant Secretaries of State now in the country and the President has informed him that he thinks it inadvisable for him to leave Washington at this time. Mr. Peirce will, however, under the President's instructions, attend the memorial service which will be held in the Church of the Covenant, this city, simultaneously with those in Cleveland. It is known that President Roosevelt has a great admiration for the ability and sagacity of Mr. Root whom he regards as something more than an able lawyer. He looks upon him as a constructive statesman of a high type and as well qualified to take up the work of Mr. Hay, many of whose policies Mr. Root helped to shape. The President's direction to Secretary of War Taft to continue on his way to the Philippines practically amounts to a public declaration that Mr. Taft is not to be Mr. Hay's successor. The law provides that a vacancy at the head of a new department occasioned by death or resignation must not be temporarily filled for a longer period than thirty days. In view of the fact that Secretary Taft's trip to the Orient will occupy at least three months this law precludes the possibility of his selection as Secretary of State. If the President cannot persuade Mr. Root to become the Premier of his Cabinet it is still believed that the choice may fall upon Jos. H. Choate, former Ambassador to Great Britain.

The members of the Cabinet who are in the city will leave tomorrow afternoon for the Hay funeral, joining President Roosevelt on his special train at Philadelphia at 8 p. m. The party will arrive in Cleveland Wednesday morning at nine o'clock. Returning, they will leave Cleveland at 3 o'clock, arriving at Philadelphia at 7 a. m. Thursday.

No special invitations will be issued by the State Department to the memorial services to Secretary Hay which are to be held here at the Church of the Covenant at 11 o'clock Wednesday, at the same hour as the funeral ceremonies in Cleveland. A simple announcement that such services will be held is being sent out by the department today to the members of the diplomatic corps now in this city and to the various executive departments. No cards will be issued and the services will be open to the public. It is not yet certain whether Dr. Hamlin, the pastor of the church, will conduct the services here or attend the funeral in Cleveland.

The Japanese Emperor has sent a personal letter to President Roosevelt expressing his sorrow at the death of Secretary Hay. A similar message from the Emperor to Mrs. Hay has also been transmitted. Minister Takahira has also received instructions from Tokio to present a floral wreath in the name of the Japanese government. Mr. Takahira will send Mr. Eki Hioki, first secretary of the Legation, to Cleveland to present the wreath. Many additional messages of condolence regarding the death of Secretary Hay were received at the State Department today.

In an important decision written by Commissioner Prouty the Interstate Commerce Commission today decided that icing charges on private fruit car lines are part of the rates on the fruit carried for the reasonableness of which the railroad is responsible. The case was that of the Michigan fruit growers vs. the Pere Marguette and Michigan Central railroads. The opinion states that at common law the railroads are bound to furnish suitable transportation facilities, and as carriers of perishable fruit must provide necessary refrigerator cars. It is said that while performing the act of transportation cars belong to the railroads, whether purchased or leased, and the icing is not an incident of the transportation service but a part of the service itself.

The monthly report of the Chief of the Bureau of Statistics of the Department of Agriculture issued at noon today shows the average condition of cotton on June 25 to have been 77, as compared with 77.2 on May 25, 1905, 88 on June 25, 1904, 77.1 at the corresponding date in 1903, and a ten-year average of 84.6.

The Comptroller of the Currency has appointed National Bank Examiner James T. Bradley temporary receiver of the First National Bank at Topeka, Kansas, the failure of which was announced this morning.

Preparing for Hostilities.

A dispatch from Stockholm says: The government has issued a proclamation, to become effective immediately, declaring Stockholm, Kariskrona, Gothenburg and Farosund to be war ports and excluding all foreign warships from these ports.

The above dispatch indicates preparations for hostilities and an apparent determination to prevent Norwegian ships from trading at Swedish ports and also bars Norwegian warships from entering. Both countries have been making war preparations since the disunion, and a dispatch from Christiania the other day said that Norwegian troops were proceeding to the frontier.

Storm in Vermont.

St. Albans, Vt., July 3.—The heavy storm which swept over northwestern Vermont for 24 hours ended yesterday afternoon. It caused much damage in this city and in the country districts. At times the rain fell as from a cloudburst and the cellars and basements of stores and residences in St. Albans were flooded. The streets were badly washed out, and the telephone system was injured by lightning. The storm was very severe in Lamville county, the hay crop in lowlands being ruined and many bridges and dams washed away.

Five Hundred Rifles Seized.

Madrid, July 3.—The authorities have seized 500 rifles in cases in the town of Villaneuve near Seville. The rifles were being sent to monasteries near there, but for what purpose they were intended is not known.

It is estimated that the Virginia Eastern Shore will this year raise 1,250,000 barrels of potatoes.

News of the Day.

The body of Secretary of State John Hay started on its journey from Newbury, N. H., to Cleveland, where it will be interred.

Secretary Taft, Senator Lodge, former Secretary of War Root and former Ambassador Choate are spoken of as likely to succeed Secretary Hay as Secretary of State.

Contempt proceedings were instituted in Kansas City Saturday by the federal government against the Atchison, Topeka and Santa Fe Railroad, which is charged with violating an injunction forbidding discrimination in traffic.

Mrs. Donald McLean, as president-general of the Daughters of the American Revolution, has invited the Sons of the Revolution and the Sons of the American Revolution to join with the daughters in the celebration of the Foruth of July, in the new Memorial Continental Hall in Washington.

Assistant Secretary of State Loomis, as special American envoy to the transfer of the remains of Paul Jones to Admiral Sigsbee's fleet, has arrived in Paris. Rear-Admiral Sigsbee cables that his fleet, with the remains of John Paul Jones, expects to arrive off the Virginia capes July 22.

President Roosevelt announces that Russia and Japan have appointed plenipotentaries for the peace conference. The Russian representatives are Ambassador Muravieft and Ambassador Rosen, and the Japanese representatives are Baron Komura, minister of foreign affairs, and Minister Takahira.

A fire which broke out in the chapel of St. Thomas' Episcopal church, Eighteenth and Church streets, northwest Washington about 2:30 o'clock Saturday afternoon, caused about $3,000 damage before it was extinguished by the fire department. The handsome stone building of the church proper was not reached by the flames and was only slightly damaged by water.

Harry W. Rehm, aged 27 years, shot his brother, James E. Rehm, under the right shoulder while in front of 1837 east Biddle street, Baltimore, yesterday. The wounded man was removed to St. Joseph's Hospital, where he died a few minutes after he arrived. The shooting is said to have been the outcome of a family quarrel which began at the home of the man who was killed, at 1831 east Biddle street. After the shooting Harry Rehm succeeded in getting away from another brother, William Rehm, who came to the assistance of the brother who was shot. He was later arrested by ex-Patrolman Edward F. Carroll and George Schaeflein, who took him to the northeastern police station.

Prince von Radolin, the German ambassador, called at the foreign office in Paris Saturday evening by appointment, and during a two hours' talk with Premier Rouvier received from the latter the French response to Germany's last note concerning Morocco. The response takes into consideration the assurances Germany has given relative to French interests in Morocco, and modifies some of the objections at first raised against a conference. The general tenor of the response is favorable to the principle of a conference. Diplomatic circles, therefore, regard the controversy as practically closed, as little now remains to be done except to adjust details.

RUSSIAN AFFAIRS.

That the rebellion in the Black Sea fleet has extended even to Vice Admiral Kruger's flagship, the Rostislav, seems probable from the report that upon the return of the squadron to Sebastopol from Odessa the machinery was ungeared and officers and men sent ashore.

Similar precautionary measures it is said were taken aboard the battleship Ekaterina II, and presumably aboard other ships of the fleet. The battleship Knias Potemkine, with the rebellious crew apparently still in possession, sailed from Odessa and appeared last night off Kustenji, Roumonia, with a Russian torpedo boat. The battleship Georgi Pobledonosetz, with a rebellious crew in possession, was off Odessa yesterday. The crew of the ship has asked forgiveness of the Emperor for mutiny. British and Norwegian steamers at Odessa are in readiness to remove foreign subjects in the event of revolutionary hostilities. It is reported that the battleship Knias Potemkin transferred a number of revolutionaries, including students, to a British steamer. A great exodus of residents of Odessa is still under way.

Burial of Miss Rogers.

Many pathetic features marked the funeral of Miss Mary Oden Rogers, held Saturday afternoon at St. James' Protestant-Episcopal Church, Leesburg. She had always been regarded with affection by the people of Loudoun county, but the services were unusually sad on account of the unfortunate death she met at Saranac Lake.

While her mind was unbalanced from illness, she disappeared last Saturday night from the cottage she was occupying with Miss Ada P. Janney, a trained nurse, with whom and Willoughby N. Smith, of Baltimore, her fiance, she had gone to the Adirondacks in search of health. Mr. Smith attended the service. The people of the town turned out, irrespective of color, to pay tribute, and the grave in the Union Cemetery when filled was completely covered with flowers.

Rev. Dr. J. W. Morris, rector of the church, conducted the services, and the choir sang one of Miss Rodgers' favorite hymns. "Just As I Am." The pallbearers were Dr. J. A. Gibson, Capt. William B Lynch, Harry T. Harrison, William A. Metzger, W. W. Chamblin and James T. Dunlop. The latter now lives at Woodburn, the former home of Miss Rodgers, to which she much attached.

The body arrived at Leesburg Friday night from Saranac Lake, and was accompanied by Mr. Smith and Miss Janney, a brother of Mr. Smith and a brother of Miss Rodgers.

Virginia News.

Mrs. Margaret C. McWhirt, wife of W. G. McWhirt, died at her home in Fredericksburg Friday night from the effect of a stroke of paralysis, aged sixty-seven years.

Mrs. Lydia R. Sothoron, mother of Dr. L. J. Sothoron, of King George county, died suddenly a few days ago at her home at Rock Springs, Md., aged fifty-nine years.

Col. Rudolph Bumgardner of Staunton colonel of the newly organized Seventy-secod Regiment Virginia State troops, has resigned his office. Col. Bumgardner found the office demanded so much of his time that he felt compelled to take this step in justice to his law practice.

The conference of Virginia county superintendents of schools will be held at Charlottesville, July 4, 5 and 6; the Teachers' Educational Association on the 6th, 7th and 8th; the Co-Operative Education Commission on the 6th and 7th, and a student enrollment of 1,200 will gather at the University of Virginia, making a total of from 1,500 to 1,800 educators.

The county convention of the Anti-Saloon League workers of Fairfax county was held at Fairfax Court House on Thursday. Rev. J. W. West of Richmond, field secretary of the state league, made an encouraging address on the work in the state. He stated that out of the 100 counties in the State 73 had abolished the saloon, and that new dry territory was constantly being added under the general local option law and by refusal of licenses under the Mann law.

The testimony of neighbors of Mrs. Estelle Smith in the Manchester Court Saturday was damaging. Mrs. J. M. Lum, her nearest neighbor, and the one who was most friendly, gave very damaging evidence. Mrs. Mattie Florence Turner testified as to the mother's many whippings of the child, and said that one day she found Ralph with a cord and threw him on the sofa like a log of wood and told him not to move until she returned. Asked why she tied the boy, Mrs. Smith replied that he would go to the safe and eat her supper. Mrs. Turner fainted while on the stand and the court took a recess to await her recovery.

Senator Martin on Saturday addressed the largest assembly that ever gathered in the Courthouse at Christianburg. In the course of his speech he alluded to an alleged insinuation of his competitor in his Roanoke speech that the State committee at its recent meeting did the bidding of the junior Senator and had runners going to and from the Senator's headquarters while it was in session. He said he had not consulted the State committee or any member of it upon any question, except one. He did confer with Mr. George Jones, of Norfolk county as to the best way to settle the Norfolk county controversy, and instead of Mr. Jones being a supporter of his he was supporting his competitor.

LIVES LOST IN STORMS.

A dispatch from the City of Mexico says that no news has been received directly from Guanajuato regarding a great flood in that mining city, now the important seat of activity by several large American and British companies. The wires were down all day Saturday and the roads were impassable. Two reports are current. One says 1,000 were killed; another says at least 100 were drowned.

Late tidings are that Guanajuato is completely flooded, and water is already invading the higher parts of the town, while there is fear that "Laolla" dam may give way, which would mean complete and general ruin. The city is built in a great gorge in the mountains, and the streets ramble up the mountainside in picturesque fashion.

A storm began furiously on the night of June 30, and after midnight no one of the inhabitants dared to go to bed, so tremendous was the fury of the elements. The water rose in the lower or business streets, flooding shops and damaging thousands of dollars' worth of merchandise.

The lower streets became raging torrents as the water poured in rivers down the upper streets. Doors were smashed in by the force of the water, and windows were no protection against the furious flood.

The authorities worked strenuously to get the people safely from their homes to the higher part of the city. The loss of property, it is said, will be immense.

Later advices state that it is known that over a hundred lives were lost at Guanajuato.

The Mexican Central northbound passenger train ran into a washout north of Irapuato and was derailed, the water running over some of the cars. President Robinson, of the railroad, says some lives were lost, but he does not know how many.

The town of Marafilo, just below Guanajuato, was completely wiped out.

Another dispatch to President Robinson, of the Mexican Central, says that there are 1,000 dead at Guanajuato.

The raging water is carrying the dead through every street. The water is up to the second story of the Hotel Union. Great damage has been wrought to the street car line, and service cannot be resumed inside a month. There is only one way the people can get to Marafilo, which is by mules and afoot.

—

The rain storm which began at Malone, N. Y., continued unabated yesterday, and the streams and rivers are all above high-water mark. Two women were killed by lightning at Madrid and one at Dickinson. Innumerable washouts are reported on the railroads and all grain and crops on moderately low land are completely ruined.

—

A cloudburst occurred at Ithaca, N. Y., yesterday which threatened a repetition of the flood of June 21. The rain was accompanied by a severe electric storm, during which several barns were struck and burned. Streets on the hill leading from Cornell campus were transformed into torrents, which flooded basements and caused a suspension of street car traffic. At Willow Creek, eight miles from Ithaca, a Lehigh Valley passenger train ran into a landslide, but escaped injury beyond the wrecking of the locomotive pilot.

—

A dispatch from Delrio, Texas, says that eighteen lives are known to have been lost as a result of a cloudburst in the mountains near the town of Las Vegas. Two of the deaths were American children, who were washed away before the eyes of a large, panic-stricken crowd. The loss and damage to property has not been great.

Today's Telegraphic News

The Russian Revolt.

St. Petersburg, July 3.—A censorship like that which existed in former days has now been established over all communications being sent to southern Russia. Letters addressed to Odessa and Sevastopol, even to high officials, are being opened, and no telegrams are to pass, no matter how innocent they may be.

The correspondent of the Publishers' Press has a sister living in Odessa, and attempted to find out whether or not she was safe, by telegraphing. The censor, however, refused to pass the message. This case is typical of hundreds which have occurred. Every one here is awaiting authentic information as to just what has happened at Odessa, with the keenest interest.

News is now being circulated to the effect that there has been a general mutiny among the sailors of the Black Sea fleet.

General Trepoff, the new assistant Minister of the Interor, is taking the sternest precautionary measures to prevent the efforts of the revolutionary leaders to start a general uprising in connection with the mutinies.

A new watch is kept on all the known leaders of the revolutionary movement by swarms of detectives. They have been warned that if they hold a meeting of any kind, they will be arrested and thrown into prison immediately.

General Trepoff has the situation well in hand, for the present.

Kustenji, Roumania, July 3.—Following the arrival of the Kniaz Potemkin and the torpedo boat which accompanied her in this port last night, the port captain boarded the vessels and demanded that the mutineers should land without arms to be dealt with as foreign deserters. The port captain warned the mutineers that if the Kniaz Potemkin displayed hostility toward the town force would be employed by Roumania and that battleships would be sent against the Russian vessel. The mutineers replied that they had no intention of threatening the town and only wanted to buy provisions. They were allowed to land later for this purpose. There are about 700 men aboard the Kniaz Potemkin, including several dressed in civilian clothes. It is supposed that these men are members of the revolutionary committee. The sailors on the Kniaz Potemkin say that the Black Sea fleet made no attempt to capture the mutinous vessel and that the crews on the other warships only rejoiced when the Potemkin left Odessa.

The crew of the Potemkin is debating the future course to be taken. Some of the sailors are in favor of landing here and surrendering to the authorites, while others want to return to Russia, and endeavor to induce the crews of the other warships to mutiny. The sailors from the Potemkin are fraternizing with Roumanian sailors from vessels in the port.

Bucharest, Roumania, July 3.—The Roumanian authorities have ordered several regiments of troops to Kusdenji to preserve order while the mutinous Russian battleship Kniaz Potemkin remains in port.

Odessa, July 3.—The city continues to be quiet under the strong guard of the troops which were called out during the recent mutiny riots.

A number of foreign freight steamers, which were in the port, have loaded preparatory to resuming their sailings.

The troops still patrol the streets and prohibit admission to the docks region. Work was resumed this morning in some quarters.

The Georgi Podiedonozets is now anchored in the inner harbor, but her position is very unfavorable for bombarding the city as she is directly under the heavy guns which have been mounted in in Nicolaievsky Boulevard overlooking the harbor.

A dispatch from Sevastopol says that all of the officers of the Kniaz Potemkin except five were murdered when the mutineers took possession of the ship. Captain Golikoff was among those slain.

Berlin, July 3.—The Frankfurter Zeitung says that open revolution has broken out at Nikolayeff, Sevastopol, and Batoum, and that all vessels bound for the Black Sea ports, as well as for Odessa, are anchored in the Bosphorus.

The American steamer Baronne, carrying 650 wounded men from Port Arthur, has arrived at Constantinople, where she received a telegram from the naval authorities at Sevastopol, ordering her to remain in the Bosphorus, as it would be unsafe to attempt to land the wounded men at Sevastopol.

Odessa, July 3.—According to the Berliner Tageblatt, the Russian government has requested the powers which maintain warships at Constantinople to send them to restore order. The powers concerned are England, France, Germany, Austria, and Italy. The humiliation of having to make such an appeal to foreign powers indicates the desperate situation at Odessa.

St. Petersburg, July 3.—A mob last night made a concerted attack upon disorderly houses in the city bombarding the houses with stones and breaking the windows. A number of houses were entered and the inmates driven into the streets. Cossacks were hurried to the scene and restored order.

St. Petersburg, July 3.—Count Ignatieff has left in a special train for Odessa. He has been vested with extraordinary powers to deal with the situation there.

London, July 3. A telegram to Reuters from St. Petersburg says a general strike has begun there and the workingmen on all the trades have joined the movement. Work on the dock is at a complete standstill.

St. Petersburg, July 3.—The crew of the cruiser Minine, at Kronstadt, has mutinied, refusing to obey orders to put to sea. The vessel has been taken outside the port.

London, July 3.—The correspondent of Reuter Telegram Company, at Odessa, wires that the battleship Georgi Podbiedonosets formally surrendered this morning. The officers of the vessels who returned there from Nikolaieff boarded the ship and picked out the men who had been ringleaders in the mutiny and several of their supporters. All these men were sent ashore. A torpedo boat and a gunboat arrived during the night, bringing Admiral Tchukin.

Washington, D. C., July 3.—Ambassador Meyer cables from St. Petersburg under today's date that Consul Heonan, at Odessa, officially reports that the Potemkin, in the hands of the mutineers, left Saturday eve headed directly south, going toward Constantinople. He adds that the other battleship, the Georgi Pobiedonosetz has surrenderod and is now in the hands of the authorities.

The Late Secretary Hay.

Cleveland, O., July 3.—The Lake Shore train bearing the body of Secretary John Hay, reached Glenville at 6:45 this morning. The body was borne in a casket in a special car. With it was another special car for Mrs. Hay and party. The funeral car will remain at Glenville until 10 o'clock. At that hour the funeral car, unattended except by Samuel Mather, will be brought down town to the Union station, where it will be met by a committee of Cleveland's representative citizens and escorted to the Chamber of Commerce building by soldiers. The arrival of the body of the dead Secretary in Cleveland will have all the solemn dignity of quiet and reverence. The body will not be exposed, as this is Mrs. Hay's expressed wish.

It was given out today that requests have been sent to the following to act as pallbearers at the Hay funeral: All the members of President Roosevelt's present Cabinet, and Elihu Root, Lyman S. Gage, Philander C. Knox, John D. Long, and Paul Morton, who were associated with the dead Secretary in former Cabinets. The President and party are to arrive in Cleveland at 9 a. m. Wednesday, leaving at 3 p. m.

Oyster Bay, N. Y., July 3.—Arrangements are practically completed for President Roosevelt's journey to Cleveland to attend the funeral of Secretary Hay. In order to save the President from the attentions of the crowds Secretary Loeb has decided not to announce the exact itinerary of the trip. The President is going on a sad errand and will not make any speeches from the rear end of his car as he usually does when traveling from place to place.

The casket containing the body of the dead Secretary is massive, but simple. It is completely black, even to the handles, metallic lined and is enclosed in a rosewood box.

The Beef Trust Conspiracy.

Chicago, July 3.—The trial of the big packers on indictments for trust conspiracy, returned by the grand jury Saturday, will be a fight to a finish between the government attorneys and the best legal talent the wealth of the defendants can command. Although the cases will not be heard till fall, there are indications that there will be some preliminary sparring, and that the sparring will begin at once. John S. Miller, counsel for the Beef Trust men, already has prepared to apply for an injunction restraining the government from prosecuting his clients on the particular indictments returned. The application for this injunction may be made this week. Members of the grand jury say that the public will be astonished at the mass of evidence showing up the conspiracy to boost prices at the expense of the consumer.

The Trouble in the Black Sea.

London, July 3.—In the House of Commons today Edward A. Brotherton asked the question of the government if representations could not be made to Russia, wherby the treaty excluding foreign warships from the Black Sea could be suspended temporarily in order that vessels might be sent to Odessa and other Black Sea ports to safeguard British subjects. Earl Percy under secretary of foreign affairs, in reply said that conditions at Odessa at the present time do not offer sufficient grounds for making such a request. He added that there is nothing to show that the Russian government does not have adequate means at hand to protect British subjects in common with the rest of the population, or that the arrival of British ships would improve the situation.

John Paul Jones's Body.

Paris July 3.—Francis B. Loomis, Assistant Secretary of State, and junior special ambassador to take over the body of John Paul Jones, together with Rear-Admiral Sigsbee and the officers and staff who make up the John Paul Jones mission, called today on Premier Rouvier, who received the delegation in the most cordial manner. Later the American officials visited the Minister of War, where they were received with great honor. Rear-Admiral Sigsbee and the officers of the American ships with their staffs and Mr. Loomis last night called at the American Embassy and paid their respects to Ambassador McCormick. Tomorrow President Loubet will receive the party at six o'clock.

Petition from Norwegian Girls.

Berlin, July 3.—A petition signed by 500 Norwegian girls between the ages of fifteen and eighteen has been sent to the Kaiser asking him to allow one of his younger sons to become King of Norway. In case the Kaiser is unwilling to grant this request, the petition begs him not to use his influence against Norway, or to boycott the country personally, but to make his customary summer trip to the Norwegian fjords. The petition is quaintly worded and has given the Kaiser much amusement. No reply will be sent for political reasons.

Accident to a Trolley Car.

Buffalo, N. Y., July 3.—In a trolley car wreck near Depew this morning, Anthony Miller, aged 27, machinist, of Cleveland, O., was instantly killed, being crushed to death. Miller's wife was badly injured. Two others were hurt. The trolley car was running at full speed and left the track on a spur. Miller's body was badly mangled. He was employed at the Gould Coupling Works. The accident occurred on the Buffalo and Depew Railway.

American Degrees Condemned.

Berlin, July 3.—Die Zeit makes an attack upon Dr. Althoff, Ministerial Councillor and Chief of the Bureau in the Minister of Public Instruction for accepting an honorary degree from Harvard University. Die Zeit declares that all American degrees are worthless. And that Germans degrade themselves by accepting them as the degrees are conferred for the sole purpose of advertising the universities.

RAID IN PHILADELPHIA.

No raid more complete and emphatic than that of Saturday night has ever been made in Philadelphia. At 11 o'clock 300 policemen, divided into squads and led by agents of the Law and Order Society, under the general direction of D. Clarence Gibboney, secretary of that organization, swooped down upon 105 houses. Most of these were mere dens. A large number were also speak-easies and a few were gambling houses. More than five hundred women, girls, men and boys were netted in the haul. All-night hearings were held in Central Police Station and in several district station houses.

The rule fixed by Magistrate Eisenbrown for bail and fines was followed generally. He set the bail for keepers of the houses at $600, for women inmates at $300, and fined the men $10 and costs.

It was a mixed lot of men and women, boys and girls, for some of the prisoners were scarcely more than children. Most of the women were dressed in striking and in many cases, handsome costumes. Diamonds gleamed from not a few.

Not a few were, according to their own stories, married women, who realized keenly the terrible situation in which they were placed. A number proclaimed their entire innocence, and indulge freely in tears and hysteries.

Many prisoners presented pitiable spectacles. Several women became hysterical and others, during the raids, attempted to jump from windows. One woman nearly succeeded in throwing herself from a third-story window. Still others threw themselves on the floors, struck the boards with their heads and in heart-rending tones cried that their husbands would kill them if they discovered they were arrested.

It was evident at a glance that the resorts raided comprised some of the most fashionable in the city. Not one of the women was slovenly or shabbily clothed. Some were in rather scant attire, having been compelled to accompany the officers on rather short notice; but the material and cut of the garments worn were fashionable and expensive.

Represented in the throng of handsomely dressed, bejeweled women were the proprietresses of some of the most notorious resorts in the city. Some of them for years had flourished openly and without molestation, and their owners had grown wealthy.

Some of the women prisoners were weeping bitterly and continued to sob violently during the night. Some bore themselves in a defiant manner and were loud in their denunciations to what they called "the outrage." Others evidently regarded the affair as a mere episode, and were apparently indifferent.

Several of the women fainted and were turned over to the ministrations of the assistant matron, Miss Maggie Cooper, who during the night and until noon yesterday cared for her prisoners.

Among the men the contrasts were even more striking than among the women. They comprised the hardened and habitual frequenters of such resorts, dressed in loud and cheap clothes, and the fashionable clubman, in faultless evening dress.

But by far the most pathetic sight was the number of youths who made up a considerable portion of the masculine contingent. Some of them gave their ages as 16 and 17 years, and quite a number had not yet attained their majority.

In a house on Oxford street near Seventh four couples were found. They had been at a theatre and were in evening dress. The cries of the women were pitiful as their male friends pleaded for their release, declaring that they belonged to good families and had only called at the place because the hotels closed at 12 o'clock. With others they were loaded into a patrol wagon and taken to the Twelfth police district. Three of the women swooned after vainly offering valuable jewelry to be released. Their companions had already offered what money they had in their possession.

The four magistrates who had charge of the hearing resulting from the city's big raid are not through with the job by any means. From the earliest possible moment this morning, the friends of hundreds of women who were still in jail were hunting up people who were willing to become surety for the unfortunates or to pay the fines of those who had been caught without the necessary funds. While the raid was one of the largest in the hisiory of the police annals of the city, the fight against such places has not yet been ended. There were 585 prisoners taken. It is understood that there are still nearly four hundred warrants which will be served tonight. If this is the case tonight's haul promises to eclipse that of Saturday night.

THE END.

My short and happy day is done;
The long and lonely night comes on,
And at my door the pale horse stands
To carry me to distant lands.

His whinny shrill, his pawing hoof,
Sound dreadful as a gathering storm;
And I must leave this shelting roof
And joys of life so soft and warm.

Tender and warm the joys of life—
Good friends, the faithful and the true;
My rosy children and my wife,
So sweet to kiss, so fair to view.

So sweet to kiss, so fair to view,
The night comes on, the lights burn blue;
And at my door the pale horse stands
To bear me forth to unknown lands.

JOHN HAY.

After participating in the dedication of St. Peters Catholic Church, at Reading yesterday, Cardinal Gibbons left for Baltimore this morning, in a private car, accompanied by President Baer, of the Reading Railway. The Cardinal and Mr. Baer exchanged visits yesterday between the services.

WEATHER PROBABILITIES.—For this section showers and thunder-storms this afternoon or tonight. Tuesday showers and not so warm in the afternoon; variable winds, becoming fresh southerly.

☞Tomorrow, July Fourth, being a holiday, the Gazette will not be published on that day.

Independence Day.

Tomorrow will be 129th anniversary of the Declaration of Independence. The day will be observed hereabouts, as formerly, by many who will hie themselves to rural retreats and enjoy picnics. Numbers are preparing for trips to public resorts. The day will be generally observed as a holiday. The federal and city offices will be closed and the postoffice will observe Sunday hours. The late Lewis McKenzie in his will provided for early morning martial music every Fourth of July, but for several years the drum and fife have not been in evidence hereabouts on Independence Day.

Don'ts for July 4.

Don't celebrate the 129th anniversary of the independence of this commonsense country by blowing off your own head.

Don't blow off your neighbor's head.

Don't jar your neighbor's sick wife, or mother, or grandmother, so that she must pass the glorious day in inglorious torment.

Don't do as the Chinese in Canton do when they celebrate their New Year. They explode fireworks so animatedly that a part of the city generally burns before midnight. Be wiser than the heathen.

Don't give your cherub a dollar and send him out to supply himself with what he wants. His enthusiasm is unbounded; his judgement nil.

Don't forget last year's statistical report of the annual conspiracy between that latter-day Herod, the Toy Pistol, and a monster named Lockjaw.

Don't die for your country till your country calls.

Board of Aldermen.

A called meeting of the Board of Aldermen was held Saturday night for the purpose of concurring in the action of the Common Council which body last Tuesday night passed ordinances providing for the paving with vitrified brick of Prince street, between Fairfax and Lee, and Lee street, between Prince and Duke.

Seven members were present and President Sweeney presided.

When the ordinance providing for the paving of Lee street had been read the second time,

Mr. Ballenger called attention to the fact that the roadway was to be narrowed several feet. He thought this procedure would make the thoroughfare too contracted.

Mr. Marbury said there were many trees on the square it is designed to pave, and it was necessary to narrow the roadway somewhat to save them. Should the street be paved north of Prince street the thoroughfare would remain at its present width.

The ordinance was passed by a unanimous vote, as was also the other for the paving of Prince street, between Fairfax and Lee.

The board then adjourned.

Sermon by Dr. Micou.

Rev. Dr. R. W. Micou, of the Virginia Theological Seminary, preached at St. Mark's Episcopal Church in Washington yesterday morning. His subject was "The Hating Father and Mother," and the text was St. Luke, xiv:25-29. Among other things Dr. Milcou said the world "hate" was frequently used in the Bible in the sense of rejecting one person in comparison with or in favor of another, as in the saying, "Jacob have I loved and Esau have I hated," which meant simply that the Lord in His divine providence had chosen Jacob to be the head and heir of the chosen people and had rejected Esau, the elder born. The doctor also said: "In the sad time of our own civil war, how many thousands of husbands and fathers left beloved wives and children and hastened to the front, counting their lives as nothing in comparison with duty, though they knew well that their death would bring grief and proverty to their loved one? Shall Christianity receive less devotion and sacrifice than true men give to their country? Or may any man justify his neglecting a plain duty or breaking a divine commandment on ground of love to family whenever human courts admit no such plea?"

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Arthur Redd and Isaac Smith, both colored, arrested by Officers Bettis and Smith for disorderly conduct and fighting, were fined $5 each.

Three white and two colored boys, arrested by Officers Knight and Arrington charged with exploding firecrackers in the streets yesterday, were dismissed with an admonition.

Three colored men and two colored women, arrested by Officer Henderson on suspicion of robbing James Alexander, were dismissed for want of evidence.

A white man, charged with being drunk in the street, had his case continued.

A horse which had been taken up astray by Officer Nicholson was turned over to its owners.

Yesterday's Rains.

The sultry weather of yesterday culminated in rains, thunder and lightning in the afternoon. There were several heavy downpours which flooded the streets, but no damage resulted. There was but little rain in Washington. South of Alexandria, however, a heavy storm prevailed. Considerable rain fell together with hail, while the wind at times assumed hurricane proportions. People here today from lower Fairfax say that considerable damage was done to growing crops, while trees were blown down and in some instances poulty was killed by hailstones. Constable A. J. Payne had tied his mare to a tree while the storm was in progress. The tree was uprooted and it fell upon the mare, but, strange to say, the animal escaped injury.

The Maccabees will not hold a meeting tomorrow night.

Mrs. B. H. Lambert has gone to Reidsville, N. C., a a health resort, and will be the guest of her brother, Dr. T. E. Balsley.

Mr. A. T. Hanson is not going to Chicago, as was stated a few days ago. He is still employed in the Southern Railway office in this city.

Men to be Disciplined.

The men employed in the Washington navy yard, who took half holiday Saturday without official permission will be disciplined before they are permitted to return to work. An official of the navy yard said yesterday that it was very doubtful whether the mechanics and helpers will get the half holiday with pay this summer, as they had last year. Attention was called to the fact that the mechanics and helpers employed in the other navy yards of the country do not have any half day off on Saturday during the months of July and August, although they come under the jurisdiction and control of the Navy Department.

U. S. Court.

There was no session of the United States Court in this city today as had been contemplated, Mr. R. P. W. Garnett, the clerk, having received a letter from Richmond informing him that Judge Edmund Waddill, jr., would be unable to attend. A special session of the Circuit Court of Appeals is to be held in Richmond on Thursday and Friday, which the judge will be compelled to attend. The court will in consequence not convene here until Monday, the 10th instant. Clerk Garnett has, pursuant to section 672 of the United States Revised Statutes, adjourned the court until that day.

The Dogali at Washington.

The river front and the west sea wall of the Washington Barracks were crowded all day yesterday with people who gazed at the Italian cruiser Dogali. Several thousand persons viewed the foreign war vessel and hundreds went on board the vessel in the afternoon and inspected the ship. Every available small boat along the water front was pressed into service to convey visitors out to the cruiser, which is anchored in midstream. The Italian population of Washington turned out almost en masse to view the vessel. Visitors were welcomed aboard the Dogali again this afternoon.

Railroad Accidents.

There have been washouts on the line of the Southern Railway in portions of North Carolina, the result of the recent heavy rains.

Two freight trains on the Southren road collided some distance south of Danville yesterday. The details of the accident have not been received in this city.

Several cars were derailed on the W. & O. branch yesterday. No one was hurt. A wrecking train was sent from this city and the derailed cars were soon replaced upon the track.

River Notes.

The schooner Mary Thomas, of Baltimore, lying at Clifton Beach waterlogged, is to be brought to the shipyard at this place and repaired.

The Brazilian cruiser Benjamin Constant, which has been at Norfolk during the past ten days, will probably leave this week for Annapolis, Md., so that the young Brazilian officers in training may have an opportunity to visit the Naval Academy. The Constant may possibly go up the Potomac river for a brief visit at Washington, but this has not been fully decided.

Letter From an Alexandrian.

Mr. A. W. Melchior, of this city, is now employed as a detective by the Hagenbeck Circus Company, which is performing in Iowa. Recently Mr. Melchior arrested a man named Murphy on suspicion of attempting to wreck the circus train. Mike O'Brien, the canvassman of the show, was also arrested at his instigation. Nothing, however, could be proved on either man. Mr. Melchior has written to friends in this city saying that the show is coming east shortly, when he will visit his old home.

Hot Sunday.

Yesterday was another quiet and hot Sunday. Early in the morning a refreshing breeze prevailed from the southeast, but later the humidity made itself felt, and considerable discomfiture was experienced by all who moved about the city. Rains in the afternoon relieved conditions somewhat. The churches were not thronged from the fact that many residents are summering elsewhere. Public and private excursion boats were numerous on the river throughout the day and until late in the night.

Marched from Falls Church.

Twenty-four members of Company G, Seventieth Virginia regiment, left here on an electric train last Saturday evening for Falls Church. The company is to participate in the manoeuvers at Basic City on the 10th of August, and the object of the trip was to accustom the command to marching. The members left Falls Church yesterday afternoon at 325 o'clock and marched to this city. They arrived here at 6:25. It rained considerably during the time they were on the road.

Enforcing the Law.

Three white and two colored youths were brought before the Police Court this morning charged with violating the law by discharging firecrackers in the streets yesterday. They had been taken in custody by Officers Knight and Arrington. One or two of the accused had been arrested at the instance of Mayor Paff. The offenders were dismissed with a warning by Justice Caton.

Baseball.

The game of baseball between the Alexandria Athletic Association and the nine from the Washington navy yard, which was scheduled for Saturday afternoon, was abandoned on account of rain.

Closing of a Bank.

Topeka, Kas., July 3.—The First National Bank, the greatest financial institution in Topeka, did not open its doors for business today. A notice signed by W. H. Rosington, Vice President, stated: "This bank has been closed by my order. The comptroller of the currency has been notified, and an examiner will be sent." The closing of the bank is the result of the stringency in the affairs of C. H. Devlin, one of the chief owners of the bank, who was reputed to be the richest man in Kansas. To stave off today's trouble, his affairs were to be put into the hands of the Devlin Mining Manufacturing and Mercantile Company, of Missouri, chartered Saturday, with $1,000,000 capital. The First National Bank's liabilities and assets reported May 29, were $2,351,304, individual deposits, $1,222,545,80, and demand certificates $350,958. Chief among the resources were loans of $1,097,080; bonds and securities $80,000. The cash on hand was over $751,000. Before the bank opened today a long line of depositors had assembled.

The statement is made here that the assets of C. J. Devlin, whose troubles caused the failure of the First National Bank of Topeka, today, and approximately $7,000,000 and that his liabilities are not over $2,000,000. Devlin was probably the most extensive individual coal operator in the west. His shares in Topeka banks are said to be worth $1,000,0000.

Loss of Life in Mexico.

Mexico City, Mexico, July 3.—Communication with the deluge-swept city of Guantajuto is still interrupted, but delayed reports received this morning indicate that between five hundred and a thousand people lost their lives in the flood. No estimate can be made of property loss. Besides the city of Guantajuto several nearby hamlets were engulfed by the flood which followed a terrific downpour of rain. After the cloudburst and deluge several of the dead were found lodged in the trees and wedged in the rocks. Relief parties are now en route from here for the scene of the disaster.

New York Stock Market.

New York, July 3.—Erie was the feature of a generally strong market during the first hour. There were heavy buying orders. London bought 35,000 shares of stock in the first hour around the room. There was a good commission business.

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I than God for so valuable a medicine." For sale by Gibson & Timberman and W. F. Creighton & Co.

Candles as Bullets.

Concerning the shooting of a candle through a board a correspondent writes: "We selected a weather beaten pine fence board as a target and loaded the gun with three drams of black powder, followed by an ordinary 'stearin' candle, which fitted tightly. The candle passed through, making a clear cut hole, and buried itself in the sand back of the target. The candle, while somewhat torn, was still far from shapeless."

Saved Her Life.

Jack Ford—Did you see that girl cut me then? Frank Wilcox—I noticed she didn't bow. Jack Ford—And yet I saved her life! Frank Wilcox—How? Jack Ford—We were engaged, and finally she said she'd rather die than marry me, so I let her off.

A Natural Query.

Growell (in cheap restaurant)—Here, waiter! Are these mutton or pork chops? Waiter—Can't you tell by the taste? Growell—No. Waiter—Then what difference does it make what they are?—Illustrated Bits.

A Fatal Mistake.

Charitable Lady—But a man last week told me exactly the same story. Tramp—Yes, lady. Yer see, I made a fatal mistake in not havin' the history of me life copyrighted.

Leaning painfully on a heavy stick and groaning in intolerable anguish, the blinding tears forcing themselves from his eyes, a Whitechapel defendant, according to the London Globe, limped up to the county court judge and explained that, owing to being hopelessly crippled by rheumatism, he could not pay a debt. "But I saw you enter the court with that stick under your arm!" exclaimed the judge. "Two shillings a month until the debt is paid." Then the pain racked invalid threw the stick lightly over his shoulder, thanked the bench and tripped gayly into the street again. It was a one minute cure.

A Remarkable Sundial.

At the Eutaw entrance to Druid Hill park, Baltimore, stands one of the most remarkable sundials in the world. The time in many parts of the world is shown whenever the sun in shining. It is easily possible almost at first glance to read the time within two or three minutes, while closer acquaintance with the dial enables the correct time to be read to the minute. The base is of carved bronze. The instrument was presented to the park by Peter Hamilton, who designed and made it entirely of stone.

Dark Secrets.

Nordy—All these big manufacturers seem to dread publicity. Butts—That's right. I know one of 'em who has to let his family do just as they please to keep 'em from divulging business secrets. Nordy—What business is he in? Butts—He's a sausage maker.—Louisville Courier-Journal.

Ready Made.

Miss Glade—Why did you choose a baldheaded man for your second husband? Mrs. Blade—Because my first husband always insisted that I worried him baldheaded, and this time I wanted to escape being blamed.—Detroit Free Press.

Announcing It.

Pauline (sarcastically)—Jack struts along as if he owned the earth. Elvira (sweetly)—No wonder. Last evening I promised to let him become my husband.

Torture of a Preacher.

The story of the torture of Rev. O. D. Moore, pastor of the Baptist church, of Harpersville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies, without relief, until I took Dr. King's New Discovery for Consumption Coughs and Colds, which entirely cured my cough, and saved me from consumption." A grand cure for diseased conditions of Throat and Lungs. At E. S. Leadbeater & Sons, druggists; price 50c and $1.00 guaranteed. Trial bottle free.
